

Shuffle Board Court update

Four of the eight courts have been completed. The other four have a base coat of paint and will be stenciled next fall.

There was concern expressed that we needed some shade at the courts. To help with this need and thanks to a donation of umbrellas by Joe and Mary Ralston, we have installed bases for two umbrellas (one on each end of court #2). The umbrellas are stored with the shuffle board equipment.

Caution Caution Caution

These umbrellas will NOT hold up during windy conditions so please use caution when using them. Also please remember to put them away when you are done. The base units and first pole thru the bench seat can remain.
